

Seeds of Home

What fruit will your generosity bear?

Why does the community need your investment?

4 in 10

For every ten families with extremely low incomes there are only four units of affordable housing available.

170 Years

With today's level of public investment, it would take 170 years to build enough homes to meet the current need for deeply affordable housing.

20,000 People

Across the Twin Cities, 20,000 adults with disabilities, children, and families will experience homelessness this year.

WE NEED A SOLUTION NOW.

A \$21,000 contribution creates a Beacon home for people with the lowest incomes and the highest barriers to housing by leveraging 20 times more in capital and operations.

Seeds of Home includes:

Housing Development

Convene local government, public funding, construction, and architects to design and build homes that align with community needs.

Congregational Organizing

Organize neighbors, building power and advocating for new policies and needed public resources.

Service Design

Develop strategic partnerships to inform how residents can find success in their new homes.

Sustainable Growth

Invest in Beacon's infrastructure so we remain at the cutting edge of meeting community needs for deeply affordable housing.

Your gift of \$21,000 plants one Seed of Home.
How many homes will you create with your generosity?

Thank you for planting a Seed of Home and investing in the vision of a future where all people have a home. Contact a member of the Beacon fundraising team to discuss your giving, email donations@beaconinterfaith.org, or visit beaconinterfaith.org/give to learn more.
