# Support Housing This Legislative Session!

Dear \_\_\_\_\_

I believe that **EVERY** Minnesotan deserves a safe and stable home. As one of your constituents, I urge you to do all you can in this legislative session to make that vision a reality. Please:

- Support ways to strengthen and stabilize existing affordable housing for residents.
- Help families experiencing homelessness by passing the Family Supportive Housing Act (SF673/HF910).
- Create new funds to sustain and create new housing through a bonding bill and fund more state housing vouchers through the constitutional amendment for housing (SF 3357/HF 3329).

I care about this because:

Thank you for your time and thank you for Bring it Home, Minnesota! Let's keep working to ensure every Minnesotan who needs a voucher gets one.

Sincerely,

\_\_\_\_\_
